EQUALITY OUTCOMES AND MAINSTREAMING REPORT 2021-23

1. PURPOSE OF REPORT

- 1.1 This report sets out how the South Ayrshire IJB and Health and Social Care Partnership have met and contributed to the Public Sector Equality Duty. A full Equality Outcomes and Mainstreaming Report is attached at Appendix 1.

2. RECOMMENDATION

2.1 It is recommended that the Integration Joint Board

- i. **Note the contents of this report and the attached Equality Outcomes and Mainstreaming Report attached at Appendix 1.**

3. BACKGROUND INFORMATION

- 3.1 This report presents South Ayrshire Integration Joint Board's Equality Outcomes and Mainstreaming Report 2021. The report, which demonstrates the IJB's adherence to the Public Sector Equality Duty.
- 3.2 South Ayrshire Health and Social Care Partnership (HSCP) – overseen by the IJB – plays a full role in the Ayrshire Equality Partnership through which we are signed up to a collective set of Equality Outcomes and we contribute to the outcomes of our partner organisations **South Ayrshire Council** and **NHS Ayrshire and Arran**. This report outlines how South Ayrshire HSCP is committed at all levels to promoting equality and provide an overview of how we mainstream equalities into our daily business alongside the local authority and the NHS. It is important to note at the outset that neither the IJB nor the HSCP are employers of staff and we will signpost to the respective local authority and health board reports to for full information on staff profiling and equalities as regards the relationship between our staff and their employers. As classified by the Equality and Human Rights Commission (EHRC) the IJB is a Schedule B authority.
- 3.3 Importantly, South Ayrshire IJB agreed a revised [Strategic Plan](#) in March 2021. The Strategic Plan is the key strategic document for the HSCP and has tackling inequality in all its forms at its core. In keeping with the spirit of the commitment to mainstreaming equalities into our routine business and to reflect the strong commitment to tackling inequality outlined in the Plan, much of this report refers to the IJB Strategic Plan 2021-2031 and associated activity.
- 3.4 The report also provides an overview of the activities we have undertaken and the progress we have achieved in advancing the four Ayrshire Shared Equality outcomes. These activities have been focused on improving the lives of people across South Ayrshire by reducing the significant inequalities and barriers local residents face to living a safe, healthy and active life.

3.5 The Equality Outcomes and Mainstreaming Report includes information on the general achievement of Equality Outcomes within South Ayrshire as well as the specific contribution of the HSCP.

Legislative requirement of IJBs

3.6 Due to the legislative structure of Integration Joint Boards (IJB), Health and Social Care Partnerships are exempt from certain specific duties. This is due to the unique structure of Integration Joint Boards, in that they are not employing bodies. As such, while IJBs direct the strategy and operations of health and care services across the lifespan, all staff members remain employees of either NHS Ayrshire and Arran or South Ayrshire Council.

- 3.7 For the 2023 report, we are not required to;
- Gather and use employee information
 - Publish gender pay gap information
 - Publish statements on equal pay
 - Publish information on board diversity

Ayrshire Equality Outcomes

3.8 It has been agreed on pan-Ayrshire basis that we would recommit to the four existing Equality Outcomes i.e.

1. **In Ayrshire people experience safe and inclusive communities.**
2. **In Ayrshire people have equal opportunities to access and shape our public services.**
3. **In Ayrshire people have opportunities to fulfil their potential throughout life.**
4. **In Ayrshire public bodies will be inclusive and diverse employers**
