## LOCAL OUTCOME IMPROVEMENT PLAN (LOIP)

### 1. PURPOSE OF REPORT

The purpose of this report is to seek IJB endorsement of the new Local Outcome Improvement Plan (LOIP) 2024-29, agreed by the Community Planning Board in April.

### 2. RECOMMENDATION

#### 2.1 It is recommended that the Integration Joint Board

- i. **Endorses the new LOIP attached as Appendix 1; and**
- ii. **Notes the new Integrated Impact Assessment (IIA) attached as Appendix 2**

### 3. BACKGROUND INFORMATION

3.1 Community Planning is a key driver for public service reform at local level. It brings together local public services and the communities they serve. It provides a focus for joint working, driven by strong, shared leadership, directed towards distinctive local circumstances.

3.2 In 2016, Part 2 of the Community Empowerment (Scotland) Act 2015 came into force which required each CPP to develop a Local Outcomes Improvement Plan (LOIP). The LOIP has the specific aim of identifying local outcomes which the CPP will prioritise as areas for improvement.

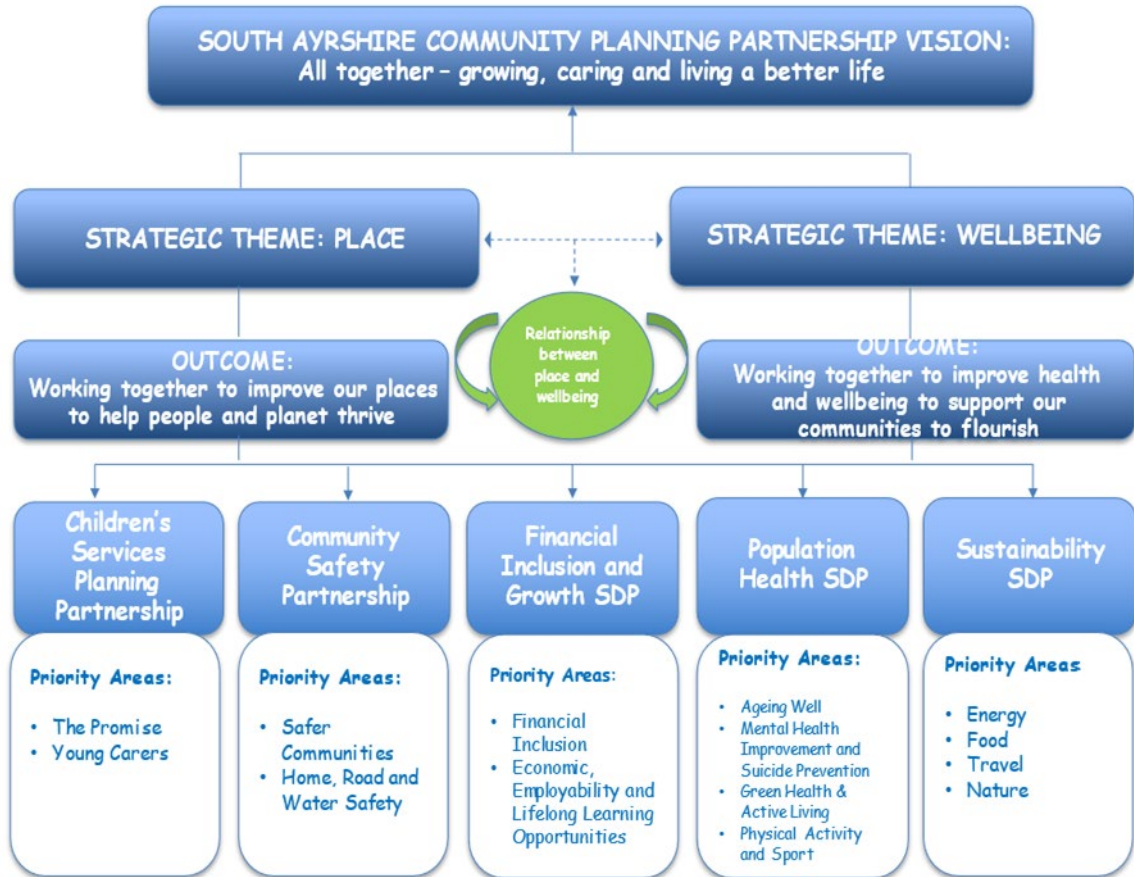

3.3 The Community Planning Partnership (CPP) published its first LOIP in 2017, which was then [refreshed](#) in 2019. Over the past seven years, the main strategic focus for the LOIP has been on supporting *older people to live in good health* and closing the *poverty related outcomes gap*.

### 4. REPORT

4.1 The new LOIP was developed in partnership with all members of the CPP and led by the Strategic Deliver Partnerships Chair's Executive.

4.2 Two strategic themes emerged from the development process which were agreed as the area of focus for the LOIP – these themes are Place and Wellbeing – and have been influenced by the national development of [place and wellbeing outcomes](#), an understanding of the connection between places and the impact that this has on the wellbeing of our communities and environment, and a move by Community Planning Partners to incorporate wellbeing as an area of focus within strategic plans and operational activity.

4.3 The high-level strategic themes are supported by two outcomes and a number of priorities as detailed below:

4.4 Following approval by the CP Board in April 2024, work will now take place to develop SDP actions plans which will support the LOIP delivery plan. Once agreed by SDPs, the action plans will be published on the CPP webpage to allow members of the public to see how the CPP will be delivering on LOIP priorities.

4.5 A performance management framework will be developed to support reporting on progress and to help support our statutory reporting requirements to produce an annual report.

To support the process, Consultation Plan was developed in line with SAC Community Engagement Strategy – this plan also incorporated the completion of a consultation mandate form.

7.2 The consultation opened on 22 January and closed on 29 February 2024. It was shared via an online survey, papers copies were available from libraries, and attendance at community events/meetings.
