

# What makes a good foster carer?

Being sound

Be  
yourself!

Be down to earth

Understands me  
- everyone is  
different

Someone that  
doesn't  
have favourites

Have a good  
relationship  
with me and  
my family

Doesn't make me  
feel like a burden

Be fun and  
interactive

Don't get in  
the way of  
family /  
support me to  
see them

Patient

Plays games  
and do things  
with me

Be kind and  
respectful  
- don't shout at  
me
