

Paper for Review by DMT – 23rd April 2021

Activity log

Corporate					
Service	Current situation	Key figures	Activity planned	Comments / national guidance	Person responsible
Finance	Financial impact being tracked by CFO and claims made to Scottish Government via official route.	C20-21 Projected cost of £8.873m . All Funding confirmed by SG 21-22 Projected Cost of £3.945m	Continued tracking of activity and related additional costs. Review provider sustainability payments from providers ensuring meet the principles set by SG Keep up to date with changes in policies and regularly update providers and commissioning and finance teams.	COVID19 finance reports will be regularly reported to IJB. Additional funding was provided in early 2021, this will create a Covid Reserve, to be used in first instance for 21-22 expenditure. Provider sustainability principles guidance	Lisa Duncan
Desk-based staff	All SAC staff working from home where possible NHS staff working from offices (social distancing and buildings risk-assessed)	270 staff working from home	Continued review of situation but <u>no immediate change</u> .	SG working from home guidance .	Tim Eltringham
Staff support and wellbeing	Senior mgmt. monitoring staff wellbeing and encouraging ways to maintain motivation/social connection, etc. Discussed at SAAPF and weekly at DMT.		Further mitigations to be considered and implemented. Teams encouraged/empowered to think creatively.		Tim Eltringham

SAHSCP COVID-19 recovery and renewal activity log – November 2020

Directorate Management Team (extended)	Meeting 3 times per week: twice 'COVID19 operational', once to discuss staffing and premises		Meetings prioritised over winter period.		Tim Eltringham
Governance	All meetings reinstated and taking place remotely (MS Teams)		Stream or record governance meetings		John Wood
COVID-19 learning exercise	Learning mainstreamed across the HSCP.		To be done at corporate and service level. To be reflected in: Digital strategy; OD strategy; and Strategic Plan.		John Wood

Community Health and Care (Adults and Older People)					
Service	Current situation	Key figures	Activity planned	Comments / national guidance	Person Responsible
Care Homes	Care Home Oversight Group main forum for assurance and support. Particular focus in recent weeks on staff vaccination of staff and residents..	Testing: exceeding 99% staff testing target Outbreaks: reported between 1 and 4	Continued CHOG meetings with streamlined approach. Review assurance visit approach with CI and Nursing Directorate to ensure joined up approach.	Care home clinical and practice guidance . Visiting guidance .	Billy McClean

		<p>Vaccinations: 80% of staff and 90% of residents vaccinated.</p> <p>Safety Huddle: 99% completion rate</p>			
Care at Home	Work in real time to reducing delayed discharges is underway – maintaining capacity to continue this improvement and looking at reviewing existing pathways and processes will be a focus going forward.	<p>Delayed discharge: 46 (30 standard)</p> <p>Pre-COVID19 CAH hours: 13,500 Current hours: 14,100</p> <p>Increase of approx. 600 hours</p>	<p>Improvements to Reablement.</p> <p>Further work with ‘extreme teams’ to reduce delayed discharge.</p>		Helen Brown
Reablement	Recent investment to increase line management, assessment and support capacity	Looking to recruit another 20 staff	<p>Improvements to Reablement. Redesign project well under way. 5 New staff have started working with inductions and training planned for future staff up until July (approx. another 15). Recruitment is ongoing to increase resource by approx. 60%. Reablement staff Hospital staff have returned to AUH to</p>		Eddie Gilmartin

SAHSCP COVID-19 recovery and renewal activity log – November 2020

			assess. Working practices continue to be refined and improved around discharges		
PPE Hub	PPE Hub will be operational until March 2021 and the community equipment store remains ready for any increased surge with management arrangements transferring to adult services. Broader work is led through our locality planning teams.	Forecast Weekly Unit Requirement Masks: 12,600 Full Face Visors: 350 Eye Protection Frames & Lenses/Goggles: 50 Disposable Aprons: 12,600 Nitrile Gloves: 35,280 Vinyl Gloves: 15,120	Keep procurement arrangements under review. Review PPE Hub post-winter.	PPE access for social care providers.	Sandra Rae
Community Equipment Store	community equipment store remains ready for any increased surge with management arrangements transferring to adult services. Broader work is being progressed in relation to this service in Dupes Road Troon.			NHS Community Store know has Band 5 in post for approximately 3 months, in order to support the line management of staff and implementation of policy and procedures. No issues at present in relation to equipment delays. The cleaning of equipment continues to be a challenge for Troon Community Store and the logistics to utilise the NHS	Lisa McAlpine

				<p>store for cleaning continues to throw up challenges.</p> <p>Budget for established staffing structure has been finalised with Lisa Duncan. And now awaiting outcome of job evaluation process for Co-Ordinator’s post. This post is fundamental to progressing the management structure and the overall broader vision for these two equipment stores in South Ayrshire, but also to efficiently and effectively support Ayrshire and Arran disciplines Pan Ayrshire.</p>	
<p>Day Services – Older People</p>	<p>Alternative models (e.g. outreach) in place where building-based day services are closed Working closely with service providers All staff tested weekly in line with our care home staff and follow the same guidance</p> <p>Overmills and Nursery Court providing outreach service: undertaking</p>	<p>Over 250 visits per week</p>		<p>Guidance on adult social care building-based day services. Things continue pretty much as they were- we are able to offer building based day care to a limited number of people each day. We are providing a half day session in order to maximise the service to those deemed at critical need and we are providing lunch. Transport remains an issue because of the need to follow covid guidance on the bus</p>	<p>Helen Brown</p>

	<p>medication/personal care visits that would have been supported during day care placements</p>			<p>which limits the number of people we can bring in ourselves. We are waiting for further government guidance before we can increase the transport, but we can offer further places to those people who can get there by other means.</p> <p>We continue to offer outreach and would hope to continue this model moving forward.</p> <p>I hope to meet with Sandra to explore transport options in order to continue to maximise attendance.</p>	
<p>Day Services – Learning Disability</p>	<p>Alternative models (e.g. outreach) in place where building-based day services are closed.</p> <p>Working closely with service providers.</p> <p>All staff tested weekly in line with our care home staff and follow the same guidance.</p> <p>Kyle: remains closed Arran View: microbreak service in place</p>	<p>Over 60 microbreaks provided per week.</p>	<p>Across Learning Disability Services generally, all Service Providers initially reduced all supports to only support such as personal care, meals etc. and as such all social supports, group, social activity, etc. stopped. These are now being carefully and meaningfully resumed with a recognition that supports will not return to 'normal' for some time.</p>	<p>Guidance on adult social care building-based day services.</p>	<p>Sandra Rae</p>

SAHSCP COVID-19 recovery and renewal activity log – November 2020

	<p>Girvan Opps: Outreach in place</p> <p>Hansel: operating micro-break services</p>				
ASP	<p>Local guidance on the conducting of Adult Support and Protection investigations was developed and shared for implementation – this covered undertaking risk assessments in the community and convening multi-agency Planning Meetings, Case Conferences and Review Case Conferences.</p>	<p>Average of 20 ASP referrals per week.</p> <p>Average of 22 Vulnerable Adult referrals per week.</p>	Admin support to be addressed.		Scott Hunter
Community Hospitals – Biggart	<p>Services continue at Biggart Community hospital with some adaptations e.g. some Consultant and other clinics have resumed in Ferguson Day Hospital with adaptations in line with Risk Assessments.</p> <p>Administrative staff (council) based at Biggart are still mostly working from home where they can.</p> <p>MacMillan ward staff are part of the government staff</p>		<p>Buchanan ward is now the established Stroke Rehab ward. Work is almost complete in Buchanan ward.</p> <p>In-patient wards continue to admit and rehabilitate patients. McMillan ward continues to support palliative and End of life patients.</p> <p>Consideration of the future model for Biggart Hospital is under discussion with wider stakeholder consultations to be</p>		Eddie Gilmartin

SAHSCP COVID-19 recovery and renewal activity log – November 2020

	weekly testing group with 100% uptake from all staff SCN Mack and DCN Thomson are working with 6 designated care homes and supporting them in the changes to hospital based lab weekly testing		planned to determine the way forward The Day Hospital Service Restructure will continue to be reviewed. Consultant and specialist clinics are ongoing		
Community Hospitals – Girvan	Girvan Community Hospital inpatient service continues to operate as normal. The Minor Injuries Unit is operating on a telephone triage, 'appointment only' model, implemented during the Covid-19 crisis and continues to be operated along these lines.				Eddie Gilmartin

Primary Care					
Service	Current situation	Key figures	Activity planned	Comments / national guidance	Person responsible
GP practices	GP Practices back to significant working albeit with more use of remote support		GP Locality Forum reflected on the significant work carried out by GP Practices to keep services running and delivering Flu vaccine Practices are now involved in delivery of Covid vaccine		Phil White

SAHSCP COVID-19 recovery and renewal activity log – November 2020

	<p>Premises remains challenge for wider MDT members</p> <p>‘Near me’ in operation, face-to-face appts limited</p> <p>Supported through individual contact, through GP Clusters and through GP Locality Forum. Stakeholder GP is actively working with Practices to support.</p>		<p>Significant support from Community Pharmacies ongoing</p> <p>Following recent TEC input at GP Forum Practices urged to explore ways to deploy TEC methods in relation to BP, Depression, diabetes</p> <p>Ongoing work on improving prescribing practice with significant results in relation to reduction of Opiates.</p>		
<p>Multidisciplinary Teams</p>	<p>MDTs being reinstated Most workers are still operational but many are supporting Practices and patients remotely</p>		<p>Work at South Ayrshire/Ayrshire level to plan for next phase of investments eg ANP for Care Homes and additional Mental Health Practitioners (ANP proposed is currently going through Job Evaluation)</p> <p>Pilot MDT work in Troon re Frailty initiated and proposed approach for wider work being developed.</p> <p>Review of Mental Health Practitioners/Community Link Practitioners planned (early May) to ensure consistent deployment of staff, Action 15</p>		<p>Phil White</p>

SAHSCP COVID-19 recovery and renewal activity log – November 2020

			<p>monies secured to fund 2 MHPs recurrently Currently recruiting for significant numbers of Community Link Practitioners</p> <p>SG Regional session on Mental Health in Primary Care on 20th April may provide further light on way forward</p>		
Primary Care Improvement Plan	Work has resumed e.g. pharmacy first rollout and flu vaccination programme		<p>Following recent letter from GPs/Cab Sec re GMS contract, there are revised national dates linked to contract.</p> <p>A Primary Care Improvement Plan (3) is in development and the Writing Group meets on 22nd April to develop further thinking re this</p>		Phil White
COVID-19 Clinical Hub	Continues to be operational		Now integrated as new Urgent Care Flow Hub – operational and SG pilot site for Urgent Care		Phil White

Community Resilience					
Service	Current situation	Key figures	Activity planned	Comments / national guidance	Person responsible

<p>Support to communities</p>	<p>VASA / South Ayrshire Lifeline leading work to improve community capacity and resilience to deal with COVID-19 social impacts.</p> <p>Shielding paused but still a significant need to community support.</p>		<p>Next 2 months: work with council, 3rd sector, CPP to prepare for: Further outbreaks and potential lockdowns (national/local); Winter based work including flu pandemic response; Wider re-instatement of community-based services respecting any government advice and limitations.</p> <p>Some of the supports that were developed during the initial lockdown will be sustained (e.g. telephone befriending) with some changed arrangements. Additional services in place or planned for including additional befriending, Up and About, Mix and Match and work on supporting Connecting Scotland programme. Approach to support shielding patients developed (Brief Intervention) and shared at Scottish/UK levels</p> <p>Maintaining support for Shielders ongoing.</p> <p>Shielders now in next phase of Vaccination.</p>		<p>Phil White</p>
--------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	-------------------

			<p>CPP Volunteering Strategy now in development phase CPP to explore potential population Mental Well being and suicide prevention.</p> <p>Longer term planning being developed re building capacity in communities</p>		
Unpaid carers	<p>In the August to March phase, most of the in-situ Carer/Young Carer supports will be re-instated incrementally where appropriate although some of the phone/on-line supports (some of which existed pre-Covid-19) are likely to remain.</p> <p>Young carers statement are being completed by pastoral staff in school. These will involve child's care planning</p>		<p>The Carers Centre is now planning for some in-situ provision in the Carers Centre following risk assessment and other process; from October there will be some centre based supports available.</p> <p>Requests are being monitored on a weekly basis. Young carers resource forum constituted by October 31st.</p> <p>Some carers support services reinstated (eg Crossroads) but others still limited. Because of evidence of carers challenged at the moment DMT planning for Carers summit to explore possible mitigations. Young Carers Strategy out for consultation.</p>	<p>Coronavirus (COVID-19): <u>advice</u> for unpaid carers</p> <p>Identify resource pot for requests that are beyond the give of the Team Around the Child Process.</p>	Phil White

SAHSCP COVID-19 recovery and renewal activity log – November 2020

			<p>Young Carers Strategy consultation complete and signed off at February IJB</p> <p>Unpaid Carers in next phase of Vaccination roll out with new SG guidance issued on 12/3/21 Launch of Community Pharmacy based support for Carers took place in February</p> <p>Carers summit being run for Adult Carers on 29th April seeking g to hear from carers and to identify future models of support</p>		
Respite	Many respite services put on hold over initial lockdown, now gradually being reinstated.		Further adaptation of service and reinstatement.		

Allied Health Professions					
Service	Current situation	Key figures	Activity planned	Comments / national guidance	Person responsible
General	The majority of Allied Health Professions (AHP's) who were redeployed into critical areas have now returned to their	2 additional PT and 1 additional OT in acute for Covid and winter	Continued delivery of services as able retaining flexibility to respond to spikes in Covid and winter pressures within acute and community.	Further staff required to be redeployed to respond to second surge and winter - Impacted on ability to resume services. Continuing to prioritise to address backlog	Elaine Hill

SAHSCP COVID-19 recovery and renewal activity log – November 2020

	substantive roles and where possible services are resuming community visits for those people requiring face to face.	pressures continuing in short term	AHP management team closely monitoring situation and risks associated with backlogs Further rollout of tech and new models Rehabilitation commission to review services and identify rehab requirements underway Seeking to over recruit new graduates to assist with backlogs and timeous filling of vacancies.		
Face-to-face visits	Resuming where possible and appropriate, using technology where possible.	To follow	Further rollout of tech and new models	To follow	Elaine Hill
Out-patient clinics	Out-patient clinics have resumed within guidance for patients triaged as requiring face to face visits, Further clinics planned to restart shortly as premises allow. Mixed model of		Continued delivery of services. Additional space sought as redeployed and shielded staff return from second surge. More clinics planned to restart shortly as COVID safe and tech enabled	Social distancing, in waiting areas and clinic space remain a limiting factor in building throughput, staff working flexibly	Elaine Hill

	near me , telephone and face to face used across all outpatient areas		accommodation for services allow.		
Intermediate Care and Community Rehabilitation, and Community AHP	<p>The local models for Intermediate Care and Community Rehabilitation, and Community AHP services are currently being reviewed across South Ayrshire building on existing models to deliver effective triage and responsive services.</p> <p>A range of resources developed to enable individuals to progress their rehabilitation and helplines have been introduced in Speech and Language Therapy and Dietetic services to assist people with advice and appropriate sign posting.</p>		<p>Flexibility of workforce to ensure continued delivery of services over second wave and winter period within available resource based on clinical prioritisation.</p> <p>EICT GP with Special Interest post out to advert. If this post can be filled, the plan is to recruit further ANP resource to support the team and provide an enhanced element of care</p> <p>Working across teams to develop new approaches and assist people with advice.</p> <p>Further development of use website in Occupational therapy Children Services</p>	https://www.gov.scot/publications/framework-supporting-people-through-recovery-rehabilitation-during-covid-19-pandemic/	Elaine Hill / Eddie Gilmartin

<p>Specialist rehabilitation</p>	<p>During the lockdown specialist rehabilitation Group programmes and community-based group programmes provided by our partners in leisure have been suspended and users have been supported through phone calls with some programmes organised as on-line activity sessions, and development of additional self-help information on line. Community and outpatient visits where required as alternatives</p>		<p>Continued delivery of services. No immediate changes over winter period.</p> <p>National and local work is underway to assist in developing digital platform for group work both in response to Covid-19 and for the Future.</p> <p>AHP management team working with digital team to try and expedite this</p> <p>Some digital group platforms being trialled within NHS A&A</p> <p>Work underway to plan for safe return to small groups as restrictions allow. Efforts continue to find COVID safe and tech enabled accommodation for services.</p>	<p>Evidenced based group work is key component of work across both specialist rehabilitation and AHP services . awaiting agreed digital platform for group activity within health. The delay is impacting on all AHP services including Childrens and Young People, Adults with Long term conditions, Specialist Rehabilitation, Mental Health, Learning Disability</p> <p>Respiratory services were further impacted by second wave as skilled staff required to assist 2nd surge</p>	<p>Elaine Hill</p>
<p>Rehab for COVID19 patients</p>	<p>Specific self-management advice and resource materials have been developed to assist</p>		<p>Further learning to be undertaken. Initial evaluation positive outcomes.</p>	<p>Evidence based building nationally and internationally on impact of long covid both on physical and mental health</p> <p>SIGN 161 updated dec 2020</p>	<p>Elaine Hill</p>

SAHSCP COVID-19 recovery and renewal activity log – November 2020

	<p>people with their recovery post Covid-19 covering a range of topics including Nutrition, Breathlessness, Coughing, Tiredness, Pacing and Anxiety, Physical activity and exercise and returning work.</p> <p>A Covid-19 recovery web page is now up and running on the A &A web site developed by local AHP's with contact details for individuals requiring further support.</p>		<p>Long COVID pathway under development, with benchmarking of local existing services against new National Covid Guidelines.</p>	<p>https://www.sign.ac.uk/our-guidelines/managing-the-long-term-effects-of-covid-19/</p>	
--	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	----------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--

Mental Health					
Service	Current situation	Key figures	Activity planned	Comments / national guidance	Person responsible
General	<p>Services continue to be adapted across community mental health (social work); primary care mental health and addiction support services.</p> <p>Face-to-face assessments and home visits are still being offered when clinically required/critical and no other safer option identified.</p>		Continued delivery of services. No immediate changes over winter period.	<p>Continuing to offer services by telephone where possible.</p> <p>Face-to-face assessments and home visits are still being offered where clinically required.</p> <p>Group based treatment remains paused due to challenges bringing together multiple households. Awaiting conclusion of pilots of the delivery of group based interventions via MS teams.</p>	Sharon Hackney
Assessments	As restrictions have eased we have sought to increase routine/non-urgent assessments and review appointments that require to be administered face-to-face. Assessment and review/treatment contacts have been implemented via telephone for all disciplines.		We continue with a range of measures including face to face, agile working, social distancing measures and use of digital technology to support service access and service continuity.	Increasing referrals are being received for individuals who have experienced deterioration in MH as a result of issues associated with covid e.g. isolation etc	Sharon Hackney

SAHSCP COVID-19 recovery and renewal activity log – November 2020

Administering (medication/bloods)	Home visits for administering depot injection medication and the taking of bloods is taking place in people's homes unless a particular risk is identified.		There has been noted benefit of seeing patients in their own home, making connections with family but also being able to better identify social circumstances and vulnerabilities.	Continuing to visit at home for administration of depot medication as clinically required.	Sharon Hackney
Recovery			Reinstatement of peer support.	Peer support remains paused due to challenges bringing together multiple households.	Sharon Hackney
MH Care at home	Existing framework is unsustainable with provider handing back care packages in Maybole area due to financial viability of the work.		Unable to identify alternative providers therefore short term solution requires to be identified		Sharon Hackney (Sandra Rae for LD cases)

Children's locality social work services					
Service	Current situation	Key figures	Activity planned	Comments / national guidance	Person responsible
Child Protection / General	Children's Social Work locality teams have adapted on a risk-based model to the lockdown measures, prioritising those children on the Child	There have continued to be house visits throughout the pandemic with 100% of Children on	Continued work to support prevention/early intervention There is significant innovative practice evident within Children locality services, some of these new means of	Activities remain same with a mixture of face to face and virtual meetings with families. All children on CP register continue to be seen weekly. Currently 29 children	Mark Inglis/Jackie Hamilton

SAHSCP COVID-19 recovery and renewal activity log – November 2020

	<p>Protection Register and those who are looked after and accommodated.</p> <p>Children identified collaboratively between Health, Social Work, Education and CAMHS who are currently not known to Statutory services, who have been offered supports during Covid-19 to prevent the escalation of risk and harm.</p> <p>Allocated Social Worker to each School Cluster to continue this collaborative approach.</p> <p>Walking meetings, etc.</p>	<p>the CP register visited every week.</p> <p>At the end of March 2020 there were 12 children on the Child Protection Register. As at the end of September this had risen to 25.</p> <p>The number of Looked After Children has remained fairly level at 308 in March 2020 and 311 in August 2020. The most recent Carefirst data records 287 children subject to statutory interventions</p>	<p>delivering services, will become the new service models for the future.</p> <p>All meetings/reviews/etc are being undertaken virtually.</p> <p>A room has been identified to allow an area for parents to be able to be supported to meetings</p> <p>Email system being used to share reports/minutes/etc with families</p>	<p>registered. All meetings are still virtual.</p>	
<p>Family Time</p>	<p>Teams now fully support Family Time, also known as “contact”. This has been a difficult area,</p>		<p>Continued rollout of Family Time</p>	<p>this has been upscaled and we now have 3 identified rooms. This is mainly due to weather not allowing outside contacts</p>	<p>Jackie Hamilton</p>

	and at time resulted in legal pressure, but the service has now risk assessed venues where families who are not living together can see one another in a Covid-safe environment.		<p>Rooms have been identified to bring family time inside when weather is bad.</p> <p>Given the most recent infection rates, this is subject to individual risk assessment and discussions with families, parents and children to reduce the amount of contact arranged</p>	<p>and also lack of cafes, etc with being in tier 4</p> <p>However given recent infection rates this is reduced</p>	
Children’s Hearings	Children’s Hearings are becoming physical hearings again, there is a significant backlog of hearings and there are consequences in terms of the lack of decision making.		<p>Backlog to be addressed.</p> <p>The re-introduction of full children’s hearings will enable the progression of Children’s plans.</p> <p>Working group established to work with SCRA on targeting the backlog</p> <p>As of the 14/01/21 – it is anticipated that ALL hearing will go back to virtual hearings unless there is a clear and justifiable reason for why this should be face to face</p>	<p>SCRA have opened Kilmarnock Hearing Centre and are working toward opening Ayr but this will mean families in one room with panel in another. Working Group continues to look at addressing backlog of hearings</p>	<p>Mark Inglis/Gary Hoey</p>
Residential Care	Within the HSCP’s Children’s Houses, staff have continued to deliver a high level of care and support to		<p>Further resumption /adaptation of services.</p> <p>Where appropriate services seeking alternative means of</p>	<p>Where appropriate staff from Out Reach and Intensive Family support will be used to support the houses when needs be.</p>	<p>Gary Hoey</p>

	<p>those children who are presently looked after by them.</p> <p>High level of creativity and commitment from the Residential Staff group.</p> <p>Children and young people have in the most part managed to work within the guidance of social distancing</p> <p>Occasional embargo on the admittance of any new Children or Young People to the Children’s houses, due to Covid-19 has been challenging</p>		<p>caring for children away from home, such as Kinship and Foster care. But this is also not without its challenge.</p> <p>Monitoring that education has been re-established</p> <p>With colleagues in housing. CHJS have identified two ‘next step’ flats to build capacity in the transition to independent living. In turn this should create more capacity in our estate.</p> <p>The resolution of the staffing rota has identified support staff to assist young people returning from OWA or transitioning to independent living.</p> <p>Planning work has resumed with PDS to create independent flat within Cunningham House.</p> <p>Two additional emergency carers have been identified and assessment has began. They will be able to provide emergency placements for</p>		
--	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

			<p>children and young people up to a maximum of 72 hours.</p> <p>There is pressure in the Children’s houses at the moment with 12 staff off – this is being managed through the use of a three rota system, which appears to work and keep consistency of staffing, but also supporting relationships.</p>		
Family Placement	<p>Fostering Panel are now meeting again using appropriate technology</p> <p>The team continue to support children and foster carers, through a variety of means, reducing the risk of placement break down and children being accommodated in external residential placements</p> <p>Training of 6 new foster internal foster</p>	<p>As at end of August there were 66 fostering households, 100 Looked After Children in Foster placements with Local Authority Carers, 24 Looked After Children with Private Foster Agencies and 12 Looked After Children with Prospective Adopters.</p>	<p>This will enable the passing of more foster carers, creating additional capacity for care of children who can’t live at home.</p> <p>Increase capacity of internal foster placement.</p>	<p>There has been approval for additional Team Leader hours and also additional SWer and Admin support to enable the recruitment and retention of Foster Carers, this is on going.</p>	Gary Hoey

	carers has begun on MS Teams.				
Children with Disabilities Team	<p>All cases reviewed and triaged to Stage into Stage 1 , 2 and 3 Responses - with Stage 1 identified as requiring a practical break from caring duties to avoid family breakdown or Child Protection / Adult Support and Protection response as families reached point of exhaustion with potential poor responses to care needs</p> <p>. The Stage 1 supports included children with complex health care needs, very challenging behaviour, Kinship and Foster Carers and young adults with impacting mental health issues.</p>	<p>Targeted response to meet the needs of the 335 families supported by Children and Families Disability Team in place and remains under review</p> <p>Review of this strategy at 6 month point evidences no child or young adult allocated to and supported by Children and Families Disability Team required accommodation / families placed in position of ` I cannot continue to care`</p>	Continued review of all cases 4 weekly		Jayne Miller

SAHSCP COVID-19 recovery and renewal activity log – November 2020

	<p>. A Children and Families Disability Team `in house` Resource Group established at the start of Covid remains in place to ensure needs are reassessed and resources prioritised. This includes review of care requirements every 4 weeks and care plans and supports adjusted accordingly.</p>				
<p>Quality Assurance Review Officers</p>	<p>Looked after reviews continue to take place virtually on Skype or other online platforms.</p> <p>Increase in number of professional attendees including parents and children/young</p>		<p>Continue all meetings virtually</p> <p>Consider face to face support options for families effected by decisions around permanence</p>		<p>Jayne Miller</p>

	<p>people invited to reviews</p> <p>Co working with Champions Board members to ensure views of young people are gathered, as well as increased ability for parents to discuss their Child Plan prior to Looked after reviews with the QAROS directly.</p>				
--	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--	--	--

Child Health					
Service	Current situation	Key figures	Activity planned	Comments / national guidance	Person responsible
Health visiting	<p>Antenatal contacts undertaken virtually; Pre-birth screening for vulnerable families continued with SW/ Safeguarding midwives;</p> <p>Face to face home visits continued for families at key stages including 11 to 14 days and 6 to 8 week developmental assessments and 27-30 months. Current Government guidance</p>		Continued delivery of services. No immediate changes over winter period.	<p>Will require to revisit method of delivery based on availability of staffing if impacted by seasonal flu</p> <p>Reflects Scottish Government guidance for Health Visiting, School Nursing and Looked after Childrens nursing</p>	Jayne Miller

	<p>states face to face contact should be made at these key stages – all Staff are using their professional judgement and offering either face to face or remote contacts to all other contacts to ensure children and families are supported. Any contacts made remotely by telephone or virtual connection may require follow-up face to face contact at home to complete full assessment and provide further support to children and families. Children requiring additional support seen at home where required; Use of technology such as Attend Anywhere/Near Me rolled out to support Universal Health Visiting pathway contacts and reviews; Increased contact with the Team Around the Child to support most vulnerable families TAC meetings and other multiagency meetings continue to be attended by HVs via virtual platform to review and update Child’s Plan.</p>				
--	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--	--	--

<p>School nursing and LAAC nursing services</p>	<p>Support continues for children with additional HPI in line with needs identified in line with the Team Around the Child approach in conjunction with partner agencies.</p> <p>Being prioritised on a risk-assessed basis. Request for assistance process remains in place.</p> <p>10 pathway areas identified. During pandemic the focus will be on four key areas: Emotional health and wellbeing; Looked after children – Cel16 Health assessments; Young carers and Child Protection</p> <p>Support continues for Looked After Children in line with CEL 16</p>		<p>Continued delivery of services.</p> <p>Primary 1 child health surveillance commences week beginning 08/03/2021.</p>	<p>Will require to revisit method of delivery based on availability of staffing if impacted by seasonal flu Reflects Scottish Government guidance for Health Visiting, School Nursing and Looked after Childrens nursing</p>	<p>Jayne Miller</p>
<p>Immunisation</p>	<p>Focus on: Continued to provide Preschool Immunisations based within GP practices throughout Lockdown; High rates maintained for primary Immunisation schedule; Additional support to families via text and telephone to encourage uptake;</p>	<p>ISD Immunisation statistics</p>	<p>Continued delivery of services. Support will be provided in delivering Primary 1 child health surveillance checks which commence week beginning 08/03/2021.</p>	<p>Will require to consider alternative venues for delivery if uptake low</p>	<p>Jayne Miller</p>

	<p>Plan to increase support to practise where service provision not in place in line with VTP; Children’s 2 to 5 years flu delivery commenced within GP practices and community clinics</p> <p>Support provided to elderly Housebound Covid vaccination programme to support DN colleagues and community mass vaccination centres.</p>

Justice					
Service	Current situation	Key figures	Activity planned	Comments / national guidance	Person responsible
General	<p>Statutory services are being delivered on an adapted model, prioritising MAPPA cases, and those most vulnerable and in need service users.</p> <p>Online support and appropriate face to face contact with appropriate safety measures in place.</p>	There are currently 56 MAPPA cases.	<p>We continue to support and coordinate the release of prisoners and ensure that they have suitable accommodation, access to GP, benefits, addiction services as well as access to basic food supplies on release.</p> <p>This continues with challenges around the virtual custody court</p>	we continue to support people being released and ensuring that they access services quickly. Working with 3 rd Sector on this	Jackie Hamilton

<p>CJSW reports</p>	<p>Working through a back log of Criminal Justice Social Work reports</p> <p>Completing reports in a Socially Distanced way, proves difficult.</p>		<p>Working through backlog of reports.</p> <p>Courts have not fully resumed and still awaiting full increase in reports</p>	<p>Courts have not fully upscaled and there is still a backlog of cases. Slow build of court reports.</p> <p>Courts have reduced business again and have virtual courts in place</p>	<p>Jackie Hamilton</p>
<p>Unpaid work</p>	<p>Unpaid Work resumed on a very small scale, ensuring compliance with Covid-19 guidance on Social Distancing. Numbers are restricted.</p>		<p>Further resumption of unpaid work where feasible</p> <p>Discussions ongoing on a national level acknowledging the challenges</p> <p>Backlog of 1000s of hours and also new orders being given by courts. Have resumed UPW in a small scale but the turn out is very poor. Letter sent to encourage attendance</p>	<p>Request from COSLA and Justice Standing Committee has been made to Scottish Government to reduce the numbers of outstanding hours. Awaiting this being heard at Justice Committee, has support from Cabinet Secretary for Justice</p> <p>We have resumed some work, with a maximum of 5 people at an outside project. This will reduce as winter sets in. We have a building to be able to do inside project with a very few people. No further update on reducing/rescinding</p>	<p>Jackie Hamilton</p>

SAHSCP COVID-19 recovery and renewal activity log – November 2020

				hours. Its still on Scottish Government agenda Unpaid work has been stopped again due to lockdown. Looking at virtual inputs.
