LOCALITY PLANNING AND REPRESENTATION ON STRATEGIC PLANNING ADVISORY GROUP

1. PURPOSE OF REPORT

- 1.1 The purpose of this report is to update SPAG members on key developments and issues related to Locality Planning in South Ayrshire.

2. RECOMMENDATION

- 2.1 **It is recommended that the SPAG note the progress highlighted by the Locality Planning Partnerships.**

3. BACKGROUND INFORMATION

- 3.1 **This report summarises issues related to Locality Planning in general in South Ayrshire and issues that emerged from the most recent Chairs/Vice Chairs meeting on 18th August 2021.**

4. REPORT

4.1 Proposals and planning for re-launch of Locality Planning

The previously SPAG report for Locality Planning Partnerships set out an ambition to have a re-launch programme around September 2021 taking on board the main recommendation points from the IJB Locality Planning report.

Through negotiation with the LPP Chairs it has been acknowledged that the practicalities of supporting this within this time-frame was challenging, not least because of the lack of accessible premises in which to hold events which were to be in situ to attract the widest set of people.

At the recent Chairs meeting it was agreed to move the 're-launch' process until after the Decision Days (in January-March 2022) and to use these large scale events to maximise engagement with potential LPP members.

A training and induction will also follow the 're-launch' events and will ensure new members have clarity about their own and the LPP role. A set of supportive 'handbook' materials will also support this process.

Care will also be taken to ensure the local government process and its limitations do not materially affect this timetable.

4.2 Proposals re Decision Days/Local Grant making

With the relaxation of Covid restrictions, it is intended to hold PB/Decision Days in each Locality in the January- March 2022 period.

South Ayrshire Council, has indicated some additional resource to support these events through national Covid related monies and there will be an additional £12k available to add to the already committed £30k from the HSCP.

In addition, a proportion of the Wellbeing investment monies from the IJB (£36k) will be added into the resource which means a total 'pot' available at the local Decision Days of £13k per locality.

The LPPs will lead on these events supported by their Community Engagement Officers.

4.3 National Care Service Consultation

It was agreed with Chairs that HSCP staff will support the LPP engagement process re the national consultation at the next set of LPP meetings.
