Adult Learning Disability Strategy

1. PURPOSE OF REPORT

1.1 The purpose of this report is to provide members with an update on the progress of refreshing the Adult Learning Disability Strategy.

2. RECOMMENDATION

2.1 It is recommended that the Strategic Planning Advisory Group:

- i. Notes the progress made in refreshing the Adult Learning Disability Strategy; and**
- ii. Notes that progress reports on the revised strategy will be brought to SPAG until the strategy is approved at IJB by the end of 2021.**

3. BACKGROUND INFORMATION

3.1 South Ayrshire IJB has delegated authority for all adult learning disability services within South Ayrshire, currently working under the existing [Adult Learning Disability Strategy](#) which runs to 2022. The existing strategy applies to all adults with learning disabilities, including those aged from 16 years onwards who are in transition into adult services. The Strategy sought to signal a change in what people can expect and a shift to being supported within the community; and details how communities can support this shift. It was developed with a clear reference to the 2013 Keys to Life national strategy for learning disability.

3.2 People with a learning disability, their families and carers have the right to be valued as individuals and lead fulfilling lives. They have the right to access and participate in their communities and benefit from a fair and inclusive society as well as contributing to the local economy.

3.3 South Ayrshire HSCP has made good progress on delivering the extant Learning Disability strategy (reported to the Performance and Audit Committee) but with the policy landscape changing (e.g. the recent publication of a refreshed national learning disability strategy 'Keys to Life' and the implications of the Review of Adult Social Care), and our services having to adapt to the impact of COVID-19, the time is now right to draft a new strategy. This follows the publication of the IJB Strategic Plan, allowing for alignment to the HSCP's overall strategic objectives.

3.4 At its meeting on 24 March 2021, the IJB agreed that work will begin to develop a revised Adult Learning Disability Strategy for the HSCP; that the drafting should be taken forward by officers in close collaboration with a range of partners (including the Scottish Commission for Learning Disability) and be overseen by the IJB's Strategic Planning Advisory Group. The revised strategy will be brought to the IJB for approval by the end of 2021.

4. REPORT

- 4.1 Since the last update to SPAG in April 2021, there has been progress in the development of the revised Adult Learning Disability Strategy.
- 4.2 The HSCP has formalised a strategic partnership with the Scottish Commission for Learning Disability (SCLD) to support us through the drafting process with their expertise.
- 4.3 A Champions Board, consisting of people with learning disabilities, parents and carers, has been established to ensure the strategy is shaped by those it is designed for. A staff member has been seconded to focus solely on participation and oversee the Champions Board ensuring we have dedicated resource to understand the needs and aspirations of people with learning disabilities. Engagement will be meaningful, and it will be useful to hear, not only people's life experiences, but views about solutions and the kind of support that would be most useful. The Champions Board will meet approximately monthly throughout the period of developing the strategy.
- 4.4 A Strategy Development Group has been established and will meet on a monthly basis. Representation on the Strategy Development Group includes: HSCP managers and Social Work staff, Housing, Employability and Skills, Champions Board, Third Sector and SCLD. The Group have had their first meeting and confirmed the governance processes and timeline for the Strategy. The Group will develop and agree on the scope and vision of the strategy; oversee the development of the strategy document; develop arrangements for the implementation and review of the strategy and oversee the communications strategy
- 4.5 A Communications and Engagement Plan is being developed to ensure all stakeholders are given the opportunity to be part of developing the Strategy. Having a development time of one year will allow us to implement good practice in engagement e.g. more than one phase of engagement, employing a range of engagement methods to reach as many people as possible. The methods we use to engage with people depends largely on when and how lockdown restrictions are eased. A full range of citizens, partners and stakeholders will be encouraged to participate.
- 4.6 Monitoring and review will be undertaken between the IJB and its subcommittees (SPAG and Performance and Audit as appropriate).

5. STRATEGIC CONTEXT

- 5.1 Learning disability services are a core service for the HSCP and are vital to driving our strategic objectives and improving outcomes for the community. The IJB Strategic Plan outlines seven key objectives and the Learning Disability Strategy will align clearly with these.

6. IMPLICATIONS

6.1 Financial Implications

6.1.1 There will ultimately be significant financial implications of the Learning Disability Strategy but these implications will be brought to the IJB as appropriate.

6.2 Human Resource Implications

6.2.1 There are no HR implications to agreeing this report.

6.3 Legal Implications

6.3.1 There are no legal implications to agreeing this report.

6.4 Equalities implications

6.4.1 A full equality impact assessment will be undertaken on the strategy.

6.5 Sustainability implications

6.5.1 There are no sustainability implications to agreeing this report.

6.6 Clinical/professional assessment

6.6.1 The views of professional groups will be taken into close consideration as the strategy is developed.

7. CONSULTATION AND PARTNERSHIP WORKING

7.1 Proposals for consultation and a partnership approach are set out above and will be further developed.

8. RISK ASSESSMENT

8.1 There is no risk associated with agreeing this report.
