## ADULT LEARNING DISABILITY STRATEGY

### 1. PURPOSE OF REPORT

1.1 The purpose of this report is to provide members with an update on the progress of refreshing the Adult Learning Disability Strategy.

### 2. RECOMMENDATION

**2.1 It is recommended that the Strategic Planning Advisory Group:**

- i. Notes the progress made in refreshing the Adult Learning Disability Strategy**

### 3. BACKGROUND INFORMATION

3.1 South Ayrshire IJB has delegated authority for all adult learning disability services within South Ayrshire, currently working under the existing [Adult Learning Disability Strategy](#) which runs to 2022. The existing strategy applies to all adults with learning disabilities, including those aged from 16 years onwards who are in transition into adult services. The Strategy sought to signal a change in what people can expect and a shift to being supported within the community; and details how communities can support this shift. It was developed with a clear reference to the 2013 Keys to Life national strategy for learning disability.

3.2 People with a learning disability, their families and carers have the right to be valued as individuals and lead fulfilling lives. They have the right to access and participate in their communities and benefit from a fair and inclusive society as well as contributing to the local economy.

3.3 South Ayrshire HSCP has made good progress on delivering the extant Learning Disability strategy (reported to the Performance and Audit Committee) but with the policy landscape changing (e.g. the recent publication of a refreshed national learning disability strategy 'Keys to Life' and the implications of the Review of Adult Social Care), and our services having to adapt to the impact of COVID-19, the time is now right to draft a new strategy. This follows the publication of the IJB Strategic Plan, allowing for alignment to the HSCP's overall strategic objectives.

3.4 At its meeting on 24 March 2021, the IJB agreed that work will begin to develop a revised Adult Learning Disability Strategy for the HSCP; that the drafting should be taken forward by officers in close collaboration with a range of partners (including the Scottish Commission for Learning Disability) and be overseen by the IJB's Strategic Planning Advisory Group. The revised strategy will be brought to the IJB for approval by the end of 2021.

3.5 To develop the strategy, the HSCP has formalised a strategic partnership with the Scottish Commission for Learning Disability (SCLD) to support us through the drafting process with their expertise.

## 4. REPORT

- 4.1 Since the last update to SPAG in October 2021, there has been progress in the drafting of the new Adult Learning Disability Strategy.
- 4.2 The Strategy Development Group continue to meet monthly. The Development Group continues to be well attended with a wide range of representatives from various service areas as well as a person who receives support and parents. The Group have agreed to theme each meeting around specific areas of focus for the Strategy, the first of which centred on Employability. Recent themes have included Community Safety and Equalities. Equalities legislation and Equality Impact Assessment process was explained to the group. A sub-group is being arranged for January 2022 to focus on carers and the support they require. There will be carers representation on the group to ensure we hear about their experiences.
- 4.3 A Steering Group also continues to meet monthly. This group was established to inform the Strategy Development Group and will remain in place for the duration of strategy development for those with a particular interest in this.
- 4.4 The Champions Board has continued to meet monthly and supports the development of the Strategy. The Champions Board is intended to remain in place to ensure continuous engagement and give those with learning disabilities a forum for making their views known beyond the launch of the Strategy.
- 4.5 Feedback from the Steering Group and Champions Board is given at the Strategy Development Group.
- 4.6 The consultation feedback has been analysed and a report has been produced detailing the views of those who participated. This report is forming the basis for the strategy.
- 4.7 The main area of focus currently is drafting the strategy. The main headings were shared with the group at its meeting on Wednesday 1<sup>st</sup> December and the group provided their views on these. A draft strategy will be finalised in January 2022 to go out to public consultation for six weeks. The feedback will be considered then a final version will be submitted to IJB on 24 March 2022 for approval.

## 5. STRATEGIC CONTEXT

- 5.1 Learning disability services are a core service for the HSCP and are vital to driving our strategic objectives and improving outcomes for the community. The IJB Strategic Plan outlines seven key objectives and the Learning Disability Strategy will align clearly with these.

## 6. IMPLICATIONS

### 6.1 **Financial Implications**

6.1.1 There will ultimately be significant financial implications of the Learning Disability Strategy but these implications will be brought to the IJB as appropriate.

## **6.2 Human Resource Implications**
