HSCP Strategic Risk Register

1. PURPOSE OF REPORT

- 1.1 This report presents the Performance and Audit Committee with the HSCP Strategic Risk Register for scrutiny.

2. RECOMMENDATION

2.1 It is recommended that the Performance and Audit Committee:

- i. Note the content of the HSCP Strategic Risk Register and provide appropriate commentary / scrutiny;
- ii. Note the content of the HSCP Strategic Risk Register (Appendix 1) and provide appropriate commentary / scrutiny
- iii. Approve completed proposed mitigations (10.4) be moved to current mitigation
- iv. Note the target date for proposed mitigation (2.2, 9.1) have been moved forward

3. BACKGROUND INFORMATION

- 3.1 Given the vastly changed nature of strategic risk as a result of COVID-19, the HSCP management team have been working to produce a refreshed Strategic Risk Register for the HSCP. This was developed in the early part of 2021 and taken to the IJB for agreement in May.
- 3.2 Although the Council and NHS maintain their own approach to risk covering HSCP services and operational risks are managed at a service level, it is prudent and in keeping with best practice for the HSCP to maintain its own Strategic Risk Register.

4. REPORT

- 4.1. The agreed HSCP Strategic Risk Register is attached at Appendix 1 and has been developed by officers through the HSCP's Risk and Resilience Group with input from a range of colleagues and partners within the NHS and Council. The format follows South Ayrshire Council's template Risk Register.
- 4.2. The content of the Strategic Risk Register brings together highlights and high-level risks from South Ayrshire Council and NHS Ayrshire and Arran with the addition of HSCP-specific strategic risks. The risks identified are as follows:

Theme: Protection

1. Adult and Child Protection
2. Workforce Protection
3. External Factors including Contingency Planning

4. Climate Change and Sustainability

Theme: Resources

5. Financial position
6. ICT
7. Premises
8. Workforce Development (now detailed under Workforce Capacity and Capability)
9. Provider organisations

Theme: Governance

10. Good governance, Strategic Planning and Business Resilience
11. Population
12. Communication and Reputation
13. Service Quality

- 4.3. At the IJB meeting in May 2021 these high-level risks were agreed; it was further agreed that the Performance and Audit Committee would monitor the document on a regular basis. The Committee are invited to provide any commentary or scrutiny of the risk register and are invited to note the following updates:
- 4.4. It is proposed that under the **Provider Organisations risk**, proposed mitigation (10.4) is now complete and should be moved to current mitigation above.
- 4.5. It is proposed that under the **Climate Change and Sustainability risk**, proposed mitigation (2.9) target date has been extended as progress on contract development has been impacted due to covid.
- 4.6. It is proposed that under the **Premises risk**, proposed mitigations (9.1) target date has been extended as the roll out of the Future Operating Model continues.

5. STRATEGIC CONTEXT

- 5.1 Agreement to this report will support the achievement of the IJB's Strategic Objectives. In particular:

- *We help to build communities where people are safe*
- *We are an ambitious and effective partnership*
