The strategy was completed after an in-depth consultation with everyone who has or had an interest in the delivery of Learning Disability services. The consultation was robust, and the draft strategy was sent out to over 700 people for further consultation to ensure we were truly listening to the voices of our carers, guardians, attorneys, and those with lived experience in a format that was accessible. The strategy is ambitious and forward thinking and requires ongoing scrutiny and the involvement of all those it affects to ensure that it is interpreted and delivered as intended.
