## Annual Performance Report 2022-23

### 1. PURPOSE OF REPORT

- 1.1 The purpose of this report is to seek approval by the Integration Joint Board of the South Ayrshire Integration Joint Board Annual Report 2022-23.

### 2. RECOMMENDATION

#### **2.1 It is recommended that the Integration Joint Board:**

- i. Approve the Integration Joint Board Annual Performance Report for 2022-2023 at Appendix 1;**
- ii. Note the performance over the reporting period and in-year progress;**

### 3. BACKGROUND INFORMATION

- 3.1 The Public Bodies (Joint Working) (Scotland) Act 2014 obliges all Partnerships to publish a Performance Report covering performance over the reporting year no later than four months after the end of that reporting year. Reporting years begin on 1 April annually i.e., by 31 July each year.
- 3.2 However, due to the Scottish Government extending the Coronavirus Scotland Act (2020) to 30 September 2021, Integration Joint Boards were advised that they can delay the release of their Annual Performance Report to later in the year for the 2021-22 report. The submission date timeline for the 2022-23 report has returned to pre-covid arrangements with the report required to be submitted by early August 2023.
- 3.3 The Performance Report Regulations require Partnerships to assess their performance in relation to the National Health and Wellbeing Outcomes. These outcomes are set out in the [Public Bodies \(Joint Working\) \(National Health and Wellbeing Outcomes\) \(Scotland\) Regulations 2014](#) and provide a strategic framework for the planning and delivery of health and social care services. They focus on the experiences and quality of services for people using those services, carers and their families.
- 3.4 Performance must be assessed in the context of the arrangements set out in the Integration Joint Board Strategic Plan and how the expenditure allocated in the financial statement have achieved, or contributed to achieving, the health and wellbeing outcomes. It should also cover how significant decisions made by the Partnership over the course of the reporting year have contributed to progress towards the outcomes. To support this, a set of core integration indicators have been developed. Partnerships should report against these core indicators in their Performance Reports.

3.5 The report contains the most up to date indicators available and a summary of in-year progress is also included in the report, including key service highlights and examples of innovative work within the Health and Social Care Partnership.

3.6 This report follows the requirements for Annual Performance Reports set out in regulation.

## 4. REPORT

4.1 It is proposed that the Integration Joint Board notes the performance of the Health and Social Care Partnership from 1st April 2022 to 31st March 2023.

4.2 Detail on the Partnership's performance against the core integration indicators and the National Health and Wellbeing Outcomes, for the period 1 April 2022 to 31 March 2023, can be found in the Annual Performance Report.

4.3 The report contains extensive detail on how we are supporting and empowering our communities to start well, live well and age well and how we have worked towards our strategic plan objectives during the reporting period.

## 5. STRATEGIC CONTEXT

5.1 As the Annual Performance Report covers the period 2022-2023, performance is aligned to the strategic objectives from the Strategic Plan 2021-2031, namely;

- *We focus on prevention and tackling inequality*
- *We nurture and are part of communities that care for each other*
- *We work together to give you the right care in the right place*
- *We help build communities where people are safe*
- *We are an ambitious and effective Partnership*
- *We make a positive impact beyond the services we deliver*
- *We are transparent and listen to you*
